

Andrea Gardella- New Member
February 6, 2025

We are thrilled to introduce you to Andrea Gardella the latest SWGA member. She is the 7th new member for 2025.

Andrea moved to SCP just two weeks ago from TX where she lived for ten years but shared that she was born and raised in Staten Island, New York. So Georgia's cold weather is nothing in comparison to where she grew up. She moved to SCP to be closer to her children who reside in north Atlanta. No grands yet but lots of "fur babies"!

She had her own dance studio for eight years teaching tap, jazz, ballet among other styles. She made a dramatic career change from dance to nursing where she remained for 33 years before retiring last September.

Besides golf she has already participated in pickleball and has her eye on the ball room dancing club. She also enjoys cooking, baking, traveling. In fact, she is excited about an upcoming first time Europe trip with her sister.

Andrea has played golf for a few years and will start in Fivers as she learns a few basics and establishes her handicap. Once her handicap is established, she will participate in the 18 hole division.

Be sure to say "hey" and welcome Andrea to SWGA.
