ANNOUNCEMENT: New Forward Tees

We have been working with Byron and the GSGA and we are excited to announce that progress has been made on providing a shorter set of tees on our course.

The target yardage is 4,000 to 4,100 yards and temporary locations have been identified on the course with "Green" stakes (see picture). They have been placed on all holes except 6, 14, and 18. Byron has agreed they will be called the Purple tees.

For the next few weeks, we are asking you, the SWGA members, to play from these locations and to let us know what you think. You will not be able to post your scores but your feedback will allow us to make any adjustments before the yardages are finalized.

We understand the shorter distances will not be embraced by everyone but the SWGA does have members who could benefit from the shorter tees and also increase their level of enjoyment. However, besides SWGA members, it will be a good fit for beginners or members with health issues or golfers looking for more variety.

After the trial period, Byron will provide more appropriate tee markers and the GSGA will come out to assign a slope and rating, so those that play the tees can post their scores and apply it to their handicap.

Attached is a sample scorecard for the Purple tees. Please print out copies and take it with you on the course to play the new tees. Even though you will not be able to post your scores, your scores and feedback will be very helpful to us. So when you're done with your round, please drop off your scorecard and comments in the envelope located at the Pro Shop Desk.

There are still many questions that need answers, especially in regards to Playdays and Tournaments, but the immediate priority is establishing the tees. So, please help the effort by playing them and providing us with your feedback.

We hope you are as excited as we are about providing additional options for the SCP Golf ladies.

If you have any questions, please contact Barbara Kennedy or Peggy Gardner directly.

Temporary Scorecard- Purple Tees

Name(s) _____ Date: _____

Par	4	3	5	4	5	4	3	4	4	36
Stroke Index	5	17	3	11	9	15	13	7	1
