

Please welcome our new member Robyn Robb. She is originally from Alabama but mostly grew up in New York. She lived in Florida for many years prior to moving to Sun City last November. Robyn, her husband Ralph, and their 3 children have been very active in sports throughout their life. Robyn herself played lacrosse in high school. She is a CPA but has had many jobs during her career. One of the most enjoyable activities that she was involved in was organizing junior golf tournaments and events.

She and her husband love to travel now that they are both retired. She also enjoys crafts, painting, mahjonn , and is a member of our card making club PAPA.

She played golf 41 years ago but started back up 2 years ago. She admits to being a little rusty and so she will join our Fivers

group to brush up on her game and meet other members. Robyn, we are so glad that you have joined SWGA.
